Model	Series	Chassis	Group	System	Service work of last service	Set oil minimum warning	Setting of limit position	Setting of short stroke position of left side window	Setting of short stroke position of right side window	Standstill test	Steering angle sensor calibration	Teach in actuator motor	Teach in actuator motors	Teach in component glow output stage	Teach in component Y77/1 (Boost pressure positioner)	Teach in component Y94 (Quantity control valve)	Teach in new DPF	Teach in of DPF after replacement of CDI control unit	Teach in process after replacement of DPF	Teach in throttle valve	Teach in used diesel particulate filter	Teach in used DPF	Teach-in of actuator motors	Teach-in process after replacement of component B1/6/15 (Temperature sensor upstream of SCR catalytic converter	Teach-in process after replacement of component B28/2 (Pressure differential sensor (DPF))	Teach-in process after replacement of component Diesel particulate filter	Teach-in process after replacement of component G3/2 (O2 sensor upstream of KAT)	Teach-in process after replacement of component Y74 (Pressure control valve)	Teaching in the diesel particulate filter after replacing the engine control un	Test of compression	Test of left heating capacity	Test of right heating capacity	Test Slot for memory card	Test USB interface	Throttle valve stop learning	Tilting/Sliding roof obstruction sensor learning	Tire pressure loss warner	Tire pressure loss warner (Activating)	Tourist mode	Tourist mode (Symmetrical light distribution)	Transmitter Reset	Undervoltage switchoff threshold	USB interface	Variant coding	VIN Programming	Warning threshold in days	Windshield adaptation of rain sensor	Y129 (AdBlue(R) metering valve)	Y74 (Pressure regulating valve)	Zero point setting	Zero position adjustment
Passenger	All_Model(BETA)	16P Connector	Drive	ESM - Electronic selector module																																											
Passenger	All_Model(BETA)	16P Connector	Drive	VG - Transfer case																																											
Passenger	All_Model(BETA)	16P Connector	Drive	VECU - Power monitoring control unit																																											
Passenger	All_Model(BETA)	16P Connector	Drive	SG-EM-B - Electric motor control unit B																																											
Passenger	All_Model(BETA)	16P Connector	Drive	SG-EM-A - Electric motor control unit A																																											
Passenger	All_Model(BETA)	16P Connector	Drive	SCR - Selective catalytic reduction																																											
Passenger	All_Model(BETA)	16P Connector	Drive	PTCU - Common powertrain controller																																											
Passenger	All_Model(BETA)	16P Connector	Drive	Natural gas control unit																																										
Passenger	All_Model(BETA)	16P Connector	Drive	ISM - Intelligent servo module																																										
Passenger	All_Model(BETA)	16P Connector	Drive	Hydrogen tank control unit																																										
Passenger	All_Model(BETA)	16P Connector	Drive	HSG - Hybrid control unit																																										
Passenger	All_Model(BETA)	16P Connector	Drive	High-temperature coolant pump control unit																																										
Passenger	All_Model(BETA)	16P Connector	Drive	Fuel cell control unit																																										
Passenger	All_Model(BETA)	16P Connector	Drive	FSCU-R - Control unit fuel pump																																										
Passenger	All_Model(BETA)	16P Connector	Drive	FSCU/FSCU-L - Control unit Fuel pump																																										
Passenger	All_Model(BETA)	16P Connector	Drive	EMPI - Electronic Motor Pump Inverter																																										
Passenger	All_Model(BETA)	16P Connector	Drive	Electric drive control unit																																										
Passenger	All_Model(BETA)	16P Connector	Drive	DTR - Distronic																																										
Passenger	All_Model(BETA)	16P Connector	Drive	DSI - Direct select interface																																										
Passenger	All_Model(BETA)	16P Connector	Drive	Compressed Natural Gas Control Module																																										
Passenger	All_Model(BETA)	16P Connector	Drive	CC - Cruise control																																										
Passenger	All_Model(BETA)	16P Connector	Drive	BSA - Belt-driven starter/alternator																																										
Passenger	All_Model(BETA)	16P Connector	Drive	AMG DRIVE UNIT																																										
Passenger	All_Model(BETA)	16P Connector	Drive	ACS - Automatic clutch system																																										
Passenger	All_Model(BETA)	16P Connector	Chassis	ABS/ESP - Electronic stability program						V																										V	V											
Passenger	All_Model(BETA)	16P Connector	Chassis	Suspension																																										
Passenger	All_Model(BETA)	16P Connector	Chassis	SBC - Sensotronic Brake Control																																										
Passenger	All_Model(BETA)	16P Connector	Chassis	PSE - Pneumatic system equipment																																										
Passenger	All_Model(BETA)	16P Connector	Chassis	HS/AIRSCARF - Seat heater/Air scarf system																																										
Passenger	All_Model(BETA)	16P Connector	Chassis	HAQ - Interwheel differential lock at rear axle																																										
Passenger	All_Model(BETA)	16P Connector	Chassis	FWGW - Chassis gateway																																										
Passenger	All_Model(BETA)	16P Connector	Chassis	ES - Electrical power steering																																										

Model	Series	Chassis	Group	System	Service work of last service	Set oil minimum warning	Setting of limit position	Setting of short stroke position of left side window	Setting of short stroke position of right side window	Standstill test	Steering angle sensor calibration	Teach in actuator motor	Teach in actuator motors	Teach in component glow output stage	Teach in component Y77/1 (Boost pressure positioner)	Teach in component Y94 (Quantity control valve)	Teach in new DPF	Teach in of DPF after replacement of CDI control unit	Teach in process after replacement of DPF	Teach in throttle valve	Teach in used diesel particulate filter	Teach in used DPF	Teach-in of actuator motors	Teach-in process after replacement of component B1/6/15 (Temperature sensor upstream of SCR catalytic converter	Teach-in process after replacement of component B28/2 (Pressure differential sensor (DPF))	Teach-in process after replacement of component Diesel particulate filter	Teach-in process after replacement of component G3/2 (O2 sensor upstream of KAT)	Teach-in process after replacement of component Y74 (Pressure control valve)	Teaching in the diesel particulate filter after replacing the engine control un	Test of compression	Test of left heating capacity	Test of right heating capacity	Test Slot for memory card	Test USB interface	Throttle valve stop learning	Tilting/Sliding roof obstruction sensor learning	Tire pressure loss warner	Tire pressure loss warner (Activating)	Tourist mode	Tourist mode (Symmetrical light distribution)	Transmitter Reset	Undervoltage switchoff threshold	USB interface	Variant coding	VIN Programming	Warning threshold in days	Windshield adaptation of rain sensor	Y129 (AdBlue(R) metering valve)	Y74 (Pressure regulating valve)	Zero point setting	Zero position adjustment
Passenger	All_Model(BETA)	16P Connector	Chassis	EFB - Electric parking brake																																												
Passenger	All_Model(BETA)	16P Connector	Chassis	BAS - Brake assist																																												
Passenger	All_Model(BETA)	16P Connector	Chassis	VP - Vacuum pump brake booster																																												
Passenger	All_Model(BETA)	16P Connector	Chassis	TPM - Tire pressure monitor																																												
Passenger	All_Model(BETA)	16P Connector	Body	WSS - Weight sensing system																																											V	
Passenger	All_Model(BETA)	16P Connector	Body	UCP - Upper control panel																																											
Passenger	All_Model(BETA)	16P Connector	Body	System diagnosis																																										
Passenger	All_Model(BETA)	16P Connector	Body	SG-DDW - DC/DC converter control unit																																											
Passenger	All_Model(BETA)	16P Connector	Body	SG-AWF - Collision prevention assist																																											
Passenger	All_Model(BETA)	16P Connector	Body	SCM [MRM] - Steering column module																																											
Passenger	All_Model(BETA)	16P Connector	Body	SAM-R/BSN - Rear signal acquisition and actuation module/Battery sensor																																											
Passenger	All_Model(BETA)	16P Connector	Body	SAM-P- Passenger-side signal acquisition and actuation module																																											
Passenger	All_Model(BETA)	16P Connector	Body	SAM-F/SAM-D - Signal acquisition and actuation module front/driver side																																											
Passenger	All_Model(BETA)	16P Connector	Body	RevETR-RF - Right front reversible emergency tensioning retractor																																											
Passenger	All_Model(BETA)	16P Connector	Body	RevETR-LF - Left front reversible emergency tensioning retractor																																											
Passenger	All_Model(BETA)	16P Connector	Body	RCM - Rear control module				V	V																																						
Passenger	All_Model(BETA)	16P Connector	Body	OCP - Overhead control panel																																		V				V							V			
Passenger	All_Model(BETA)	16P Connector	Body	Multifunction control unit																																											
Passenger	All_Model(BETA)	16P Connector	Body	LCP/HBF - Lower/Rear control panel																																											
Passenger	All_Model(BETA)	16P Connector	Body	LAE [LAA] - Loading floor automatically extendable																																											
Passenger	All_Model(BETA)	16P Connector	Body	KG/RFL - KEYLESS GO/Radio frequency locking/Electric central locking																																											
Passenger	All_Model(BETA)	16P Connector	Body	HSW/LRH - Steering wheel heater																																											
Passenger	All_Model(BETA)	16P Connector	Body	Headlamp-R - Headlamp control unit																																				V	V							
Passenger	All_Model(BETA)	16P Connector	Body	Headlamp/Headlamp-L - Headlamp control unit																																				V	V							V
Passenger	All_Model(BETA)	16P Connector	Body	EZS/EIS - Electronic ignition lock																																											
Passenger	All_Model(BETA)	16P Connector	Body	CGW - Central gateway																																											
Passenger	All_Model(BETA)	16P Connector	Body	BNS/BMS - Battery sensor																																											
Passenger	All_Model(BETA)	16P Connector	Body	ATA - ATA [EDW]/tow-away/interior protection																																											
Passenger	All_Model(BETA)	16P Connector	Body	AHE - Trailer recognition																																											
Passenger	All_Model(BETA)	16P Connector	Body	AB - Airbag																																										
Passenger	All_Model(BETA)	16P Connector	Body	AAM - All activity module																																										
Passenger	All_Model(BETA)	16P Connector	Information	ZAN - Audio/COMAND display
